The artists' book "How to shoplift books" by David Horvitz is a guide on how to steal books. It details 80 ways in which one can steal a book, from the very practical, to the witty, imaginative and romantic. Originally published in 2013, this paperback reissue is making the sought after title available again at an affordable price (for those who don't yet know the techniques described within) and is released first in an english, spanish and french version, german, italian, greek and mandarin are in production and will be followed by at least 10 more languages that we release successively.

"Cook up some garlic in olive oil in the store. Exit with the book while everyone is caught in the ecstasy of the aroma."
