

Juillet features a small selection of Ronan Bouroullec's recent drawing. Ronan and Erwan Bouroullec, born 1971 and 1976, respectively, in Quimper, France, studied at the École Nationale des Arts Décoratifs in Paris and at the École des Beaux-Arts in Cergy-Pontoise. Ronan began independent design work immediately after completing his studies, while his brother, who was still in school, assisted him. Since 1999 both brothers have worked together as joint partners in their own Paris-based design studio. Their work has covered many field ranging from the design of small objects as jewellery to spatial arrangements and architecture, from craftsmanship to industrial scale, from drawings to videos and photography. The designers also maintain an experimental activity with Gallery kreo, which is essential to the development of their work.
